ABOUT US

Matisan Marble, The Meeting Point of Aesthetics and Quality

Matisan Marble plays a leading role in the production of Vanilla Ice marble, a light beige colored product that is in demand worldwide. This special quarry of the company is the source of high quality marble and meets the needs of the industry.

Matisan Marble produces 54,500 tons of blocks annually from Vanilla Ice and Ivory Beige quarries. It processes the majority of the blocks as slabs and tiles in its own factory and offers them to the world market.

Matisan Marble produces in 2 different factories. In the first factory, 220,000 m² of slabs are produced annually, and in the other factory, 192,000 m² of natural stones are produced annually.

Matisan Marble offers its customers first-class quality in slabs and tiles products by processing the blocks from its own quarries
